

## **Performance of the institution in one area distinctive to its vision, priority and thrust 2019-20**

The Vision, Mission and Objectives of the institution clearly points towards a value based education based on the curriculum of the affiliating university combining it with the core values attached to the founder president of the H.K.E. Society Late Sri. Mahadevappa Rampure. The college which completed its 40 years of existence in 2020 has a strong bonding with the local people as we have students from diverse sections of the society. This includes a number of SC, ST, Minorities and marginalized sections of students.

The college successfully implemented the CBCS system last year which was introduced by Gulbarga University, Kalaburagi to which the college is affiliated and now we are successfully in the second year. The focus of the CBCS system is on skill development, career oriented programs, industry visit, industry - academia interaction and college have brought all these aspects under curriculum implementation and enrichment. Special attention is given to weak students especially belonging to SC/ST., OBC and minority groups.

The vision of our institution to provide education to weaker sections of the rural students can be seen in the composite social and economical structure of the admitted students. The students of the College are not only guided to achieve excellence in the education but are thoroughly equipped with the knowledge of social perseverance and environmental sustainability. It lays special effort on students understanding of current environmental crisis and through its various schemes like energy conservation, waste management, rain water harvesting, plantation drives urges them to become eco friendly citizens. Performance of the institution can also be seen reflected in the examination results where the pass percentage was above 80% in all the programmes.
